Per Brandtzæg

Travel Grant

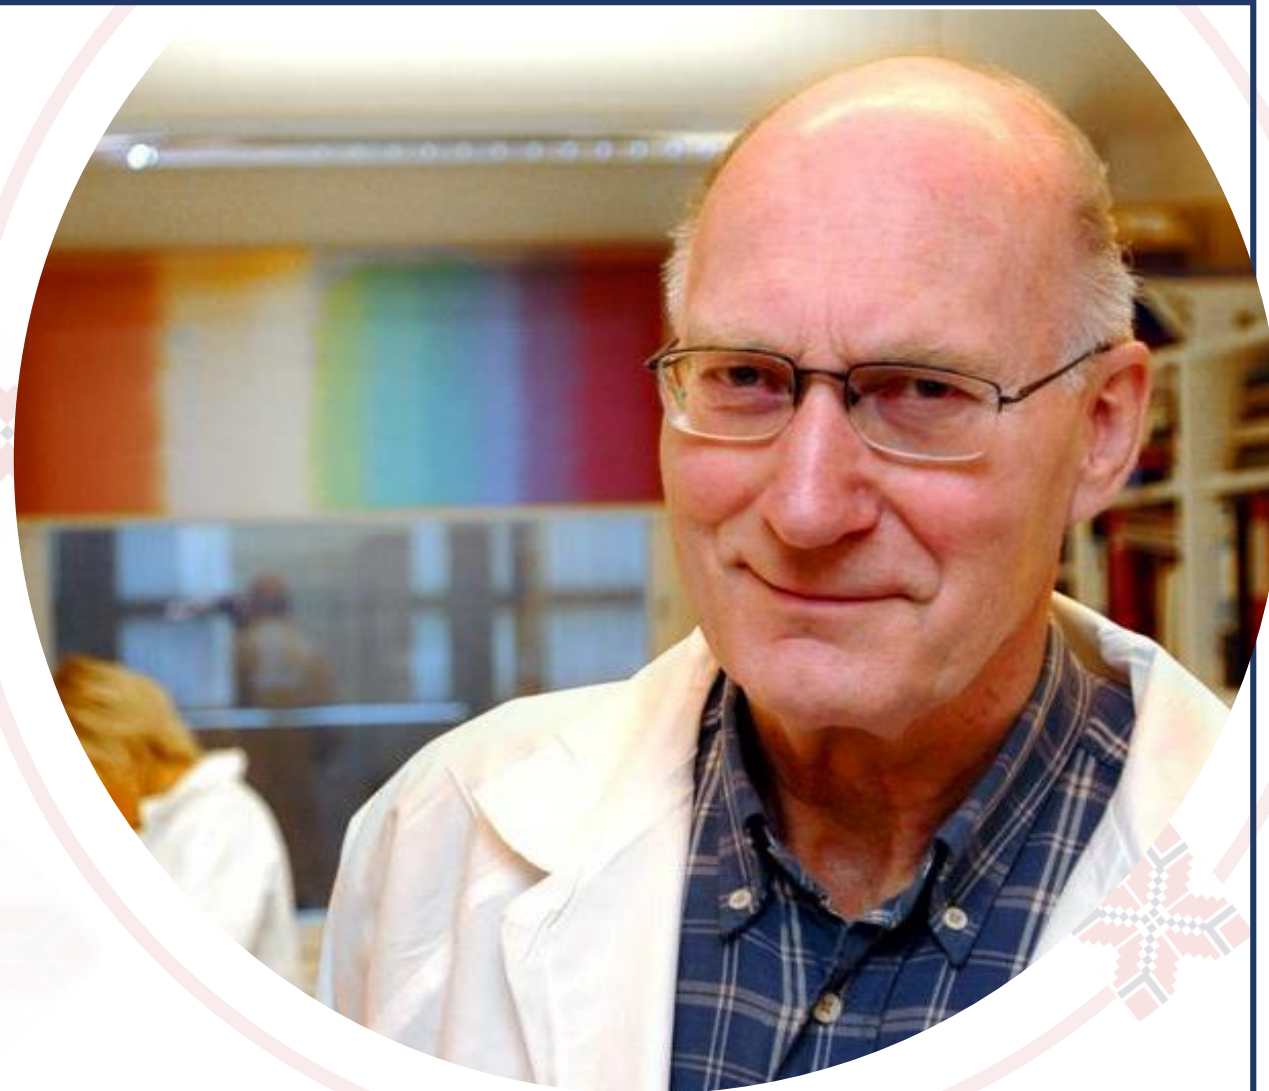

Prof. Per Brandtzæg (1936–2016) was a world-renowned Norwegian dentist and medical researcher committed to supporting mucosal immunology research.

Established in 2017, the Per Brandtzæg travel grant provides financial support of up to 100,000 NOK for research training in the subject of mucosal immunology.

Research training must be abroad. Postdoctoral fellows (PhD within last 7 years) or an exceptional PhD student studying at a Norwegian university are eligible to apply.
